

FOR IMMEDIATE RELEASE

**DemNET Technologies of South Lyon, MI
Awarded Best Of Houzz 2017**

***Over 40 Million Monthly Unique Users Nominated Best Home Building,
Remodeling and Design Professionals in North America and Around the World***

SOUTH LYON, MICHIGAN, January 20, 2017 – DemNET Technologies of South Lyon has won “Best Of Customer Service” for the third year in a row on Houzz®, the leading platform for home remodeling and design. The custom home technology firm was chosen by the more than 40 million monthly unique users that comprise the Houzz community from among more than one million active home building, remodeling and design industry professionals.

The Best Of Houzz is awarded annually in three categories: Design, Customer Service and Photography. Design award winners’ work was the most popular among the more than 40 million monthly users on Houzz. Customer Service honors are based on several factors, including the number and quality of client reviews a professional received in 2016. Architecture and interior design photographers whose images were most popular are recognized with the Photography award. A “Best Of Houzz 2017” badge will appear on winners’ profiles, as a sign of their commitment to excellence. These badges help homeowners identify popular and top-rated home professionals in every metro area on Houzz.

“As a custom engineering and installation company, our job is to take a client’s vision or desire, and using technology, turn that into reality,” says Chris Demeniuk, President of DemNET Technologies. “Our guiding principle is that everyone deserves to be happy in their home. Whether it’s automatic lights and shades, an outdoor entertaining space, or complete home automation, our mission is to exceed expectations. We’ve done some incredible things with technology, but the best part is watching that involuntary smile creep across a client’s face when we show them the finished product. We’re completely humbled to have been awarded ‘Best of Houzz’ for service three years in row, and it tells us that we’re on the right track.”

“We’re so pleased to award Best of Houzz 2017 to this incredible group of talented and customer-focused professionals, including DemNET,” said Liza Hausman, vice president of Industry Marketing for Houzz. “Each of these businesses was singled out for recognition by our community of homeowners and design enthusiasts for helping to turn their home improvement dreams into reality.”
